

# Components of Action Plans

# Three components

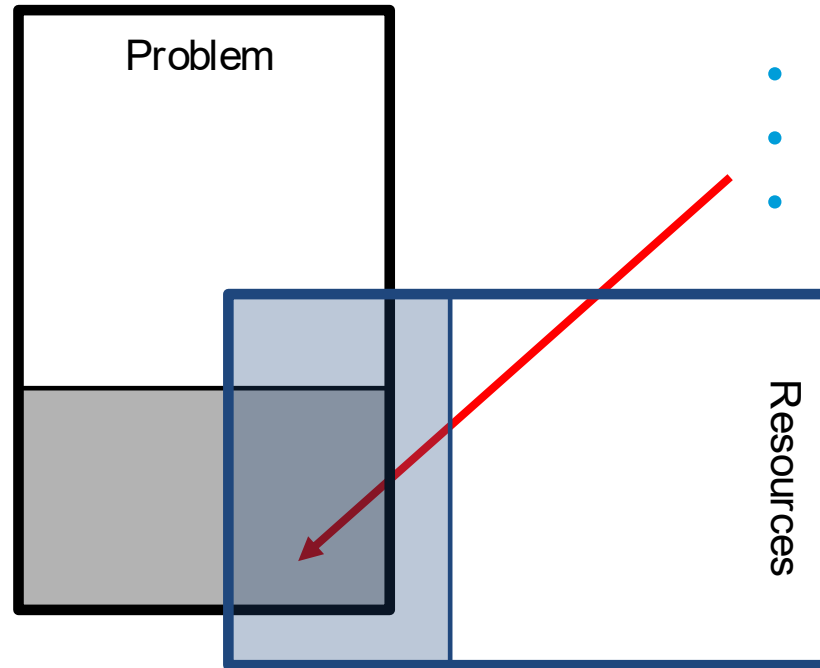

# Standard Action Plan

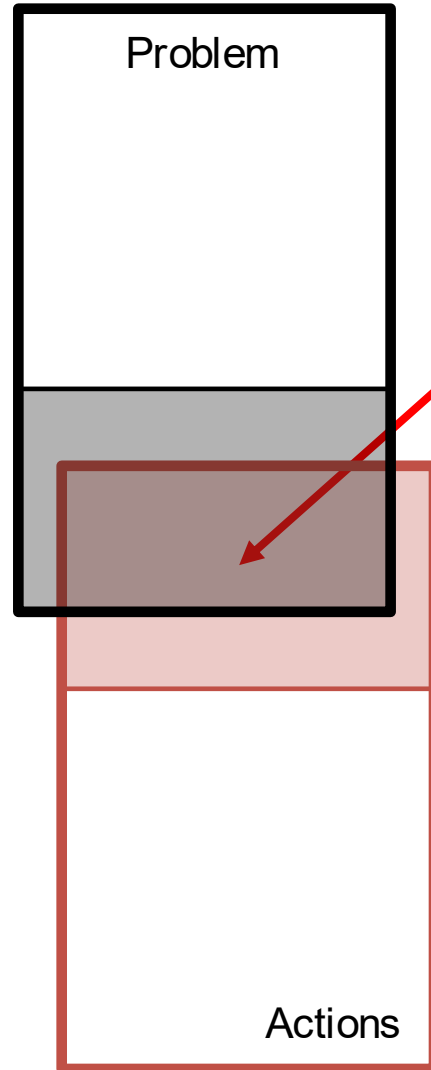

- Specific problem
- Identified resources
- Tested action

# Experimental

- Specific problem
- Identified resources
- **No tested action**

# New organization or individual action

- Specific problem
- No identified resources
- Tested action

# Bottom line

1. Address a compelling social problem
2. Focus on a specific, identifiable population
3. Have either or both of the following:
  - A community partner
  - An action with a proven track record
