About the presentations

- April 22 and April 24

- Poster-session style talks
    - Quick overview of what's interesting
    - Encourage people to visit repository or talk to you

- Format:
    - **Four** minute talk
    - Present on your own computer via **screen sharing**

- Details guidelines on page "Guidelines for Presentations"

    1. No more than 4 minutes.

    2. No more than 10 slides or equivalent.

    3. The first slide must include:

        i. Title
        ii. Your name
        iii. Repository URL
        iv. Date
        v. Short abstract

    4. The slides should **show** not **tell**:

        i. Minimize bullet points: avoid completely if possible.
        ii. No complete sentences apart from the abstract.
        iii. No slides with just text (tables are OK).

    5. Well-designed and labeled graphs and maps are highly desirable.

6. Annotated figures and illustrations are usually very good.
